HTACCESS de la carpeta APP (OJO CON LA LINEA 2)

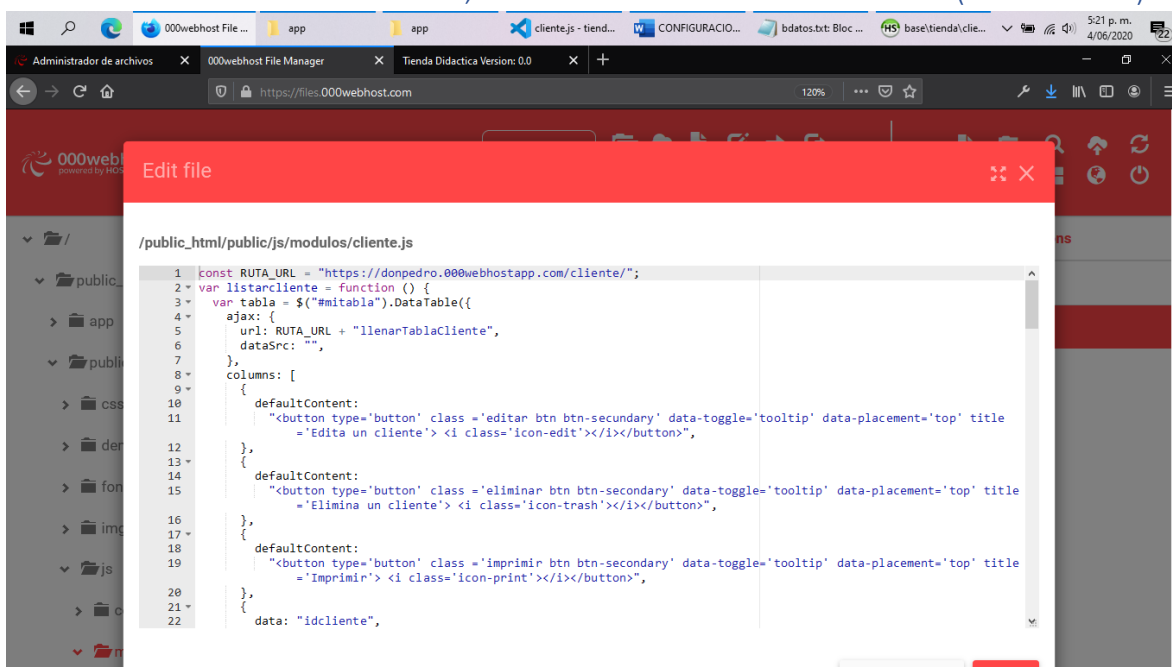

Crear la base de datos y cambiar en app/config/config.ini los valores correspondientes a bdatos, clave y routesi es hosting 000webhost dejar el host en localhost

The screenshot shows the 000webhost File Manager interface. A red 'Edit file' window is open, displaying the contents of the file `/public_html/app/config/config.ini`. The file contains configuration for a MySQL database and an application.

```
1 [database]
2 driver = mysql
3 host = localhost
4 username = id13567681_admin
5 password = ClavedeIngreso2020*
6 schema = id13567681_tienda
7
8 [application]
9 route = https://donpedro.000webhostapp.com
10 name = Tienda Didactica
11 version = 0.0
```

En los JAVASCRIPT de cada VISTA, verificar la llamada al controlador (VER LINEA 1)

The screenshot shows the 000webhost File Manager interface. A red 'Edit file' window is open, displaying the contents of the file `/public_html/public/js/modulos/cliente.js`. The file contains JavaScript code for a client management interface, including a jQuery DataTable and AJAX calls.

```
1 const RUTA_URL = "https://donpedro.000webhostapp.com/cliente/";
2 var listarcliente = function () {
3   var tabla = $("#mitabla").DataTable({
4     ajax: {
5       url: RUTA_URL + "llenarTablaCliente",
6       dataSrc: "",
7     },
8     columns: [
9       {
10        defaultContent:
11        "<button type='button' class ='editar btn btn-secondary' data-toggle='tooltip' data-placement='top' title
12        ='Edita un cliente'> <i class='icon-edit'></i></button>",
13      },
14      {
15        defaultContent:
16        "<button type='button' class ='eliminar btn btn-secondary' data-toggle='tooltip' data-placement='top' title
17        ='Elimina un cliente'> <i class='icon-trash'></i></button>",
18      },
19      {
20        defaultContent:
21        "<button type='button' class ='imprimir btn btn-secondary' data-toggle='tooltip' data-placement='top' title
22        ='Imprimir'> <i class='icon-print'></i></button>",
23      },
24      {
25        data: "idcliente",
26      },
27    ],
28  });
29 };
```
